QUOTE APPROVAL

Quotes are valid for 30 days. Once approved, pricing and details will be locked in. Any adjustments made after approval may affect pricing or delivery time.

The minimum quantity for new orders must be at least 12 items. After the initial order, single orders can be accepted

CUSTOMIZING DESIGNS

Looking for something unique? Our design team can help create customized artwork, logos, and layouts tailored to your program or business.

Additional design fees may apply.

REQUEST A SIZE KIT

Not sure about sizing? We can provide a size kit for teams and organizations to try on before placing your final order. This helps ensure the best fit for every player or staff member.

Fees may apply.

PAYMENT OPTIONS

For most custom orders, full payment is required at the time of purchase. For uniform orders only, we offer the option of a 50% deposit upfront, with the remaining balance due before delivery.

Some exceptions may apply to schools and net payment customers.

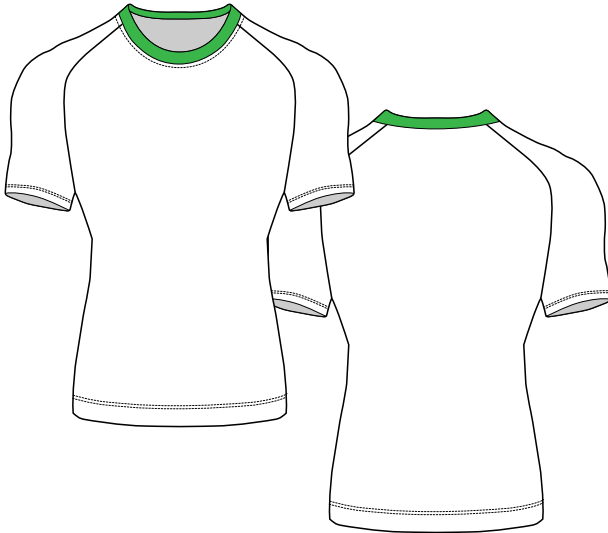

MOCKUP APPROVAL

Every order includes a digital mock-up for your review. Production will only begin once your mock-up is approved in writing (email confirmation is acceptable). This ensures accuracy in design, placement, and color.

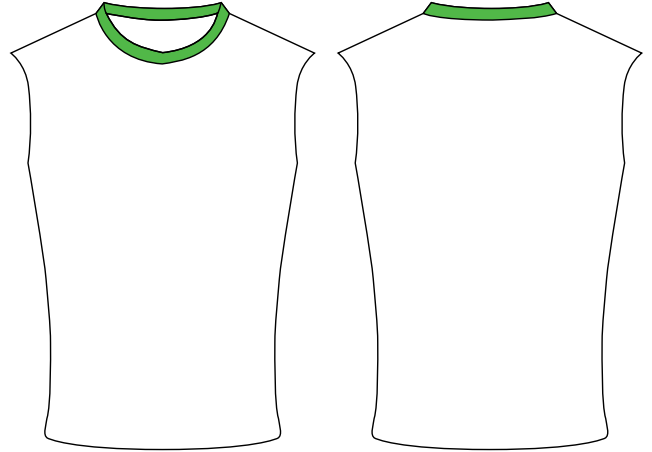

1) SHORT SLEEVE COMPRESSION TOP

Our short sleeve compression top is designed for the speed of 7v7 Football. It's built to move fast and stay light. The 50/50 blend of polyester and spandex will give you a locked-in, form-fit feel while giving you a full-range of mobility for sharp cuts and quick releases. Thanks to our moisture-controlling performance fabric, you'll also feel cool and dry during every snap, route, and sprint.

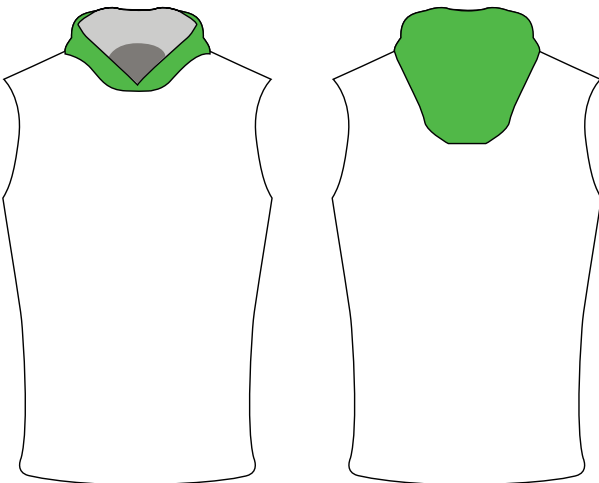

2) SLEEVELESS COMPRESSION TOP

Our sleeveless compression tops deliver locked-in fit without restriction. A 50/50 polyester-spandex blend delivers full support for active muscles, so you'll have a full range of movement for explosive cuts and clean releases. Plus, you'll be cool, dry and ready for every snap in this lightweight, moisture managing fabric.

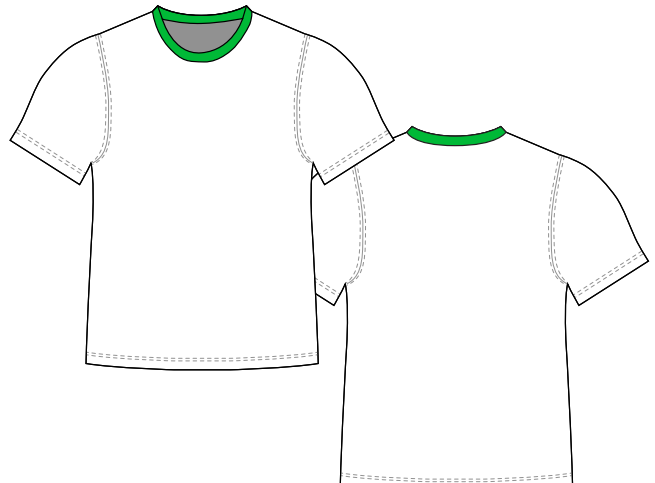

3) SLEEVELESS HOODIE

Bring style, performance and edge to the game with our sleeveless hoodies. A perfect blend of 50/50 polyester-spandex will give you that sleek, performance fit with the stretch you need and a hood that adds a game-day, modern look. We've designed our sleeveless hoodie with upper-body mobility in mind, so you can easily move through routes, cuts and warmups without slowing down.

4) LADIES CREWNECK TOP

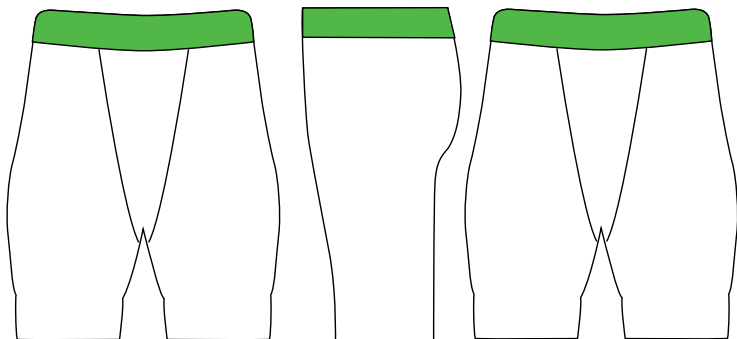

Bring style, performance and edge to the game with our sleeveless hoodies. A perfect blend of 50/50 polyester-spandex will give you that sleek, performance fit with the stretch you need and a hood that adds a game-day, modern look. We've designed our sleeveless hoodie with upper-body mobility in mind, so you can easily move through routes, cuts and warmups without slowing down.

4] COMPRESSION SHORTS

Our compression shorts (with a 7.5" inseam) are built for 7v7 by delivering locked-in support without restricting your movement. A 50/50 polyester-spandex blend gives you secure compression that stays in place through every play. They're designed to move fast and hold strong while being lightweight and flexible. You can trust in these shorts to get you through every play, snap and touchdown.

5] FLEX SHORTS

Get an unrestricted, light feel built for speed with our Flex Shorts. A pro-grade blend of 95/5 polyester/spandex will help you move easily and to give you explosive acceleration. These flex shorts are breathable, flexible and game-ready by keeping you fast and free on every snap.

6 CUSTOM FLAG FOOTBALL BELTS/FLAGS

With so many choices for printing and impressions, it can be difficult to find the right style for you. Our experts can guide you to the best choices for you and your team.

SUBLIMATION- *Sublimation offers vivid, long-lasting designs that won't crack, peel or fade over time. The ink is infused directly into the fabric, allowing for lightweight, breathable gear that maintains full color and detail even under intense play.*

EMBROIDERY- *Embroidery delivers a professional, high-end look with rich texture and fine detail that showcases team pride. Ideal for premium team kits and fan apparel, it's highly durable against wash and wear, works on most fabrics and gives your team a classic and professional style.*

TWILL- *Tackle twill delivers a bold, vibrant appliqué with crisp edges that's not only lightweight and comfortable for jerseys and warmups, but cost-effective for larger multi-color designs. It's easy to customize offers strong visual contrast and durability when heat- or stitch-applied. Tackle Twill also makes it easy to replace a player name/number.*

LIQUID TWILL- *Liquid twill offers a sleek, high-gloss finish that mimics the look of traditional tackle twill but with a smoother, more modern edge. It's lightweight, flexible, and ideal for creating bold designs that stand out on the field without adding bulk.*

SUBLIMATED TWILL- *Sublimated twill offers the best of both worlds by combining the durability of traditional twill with the limitless design potential of sublimation printing. This unique imprint allows for full-color, detailed graphics printed directly into the twill, creating a vibrant, long-lasting finish with a premium feel.*

PERFORATED HOLES IN NUMBERS- *Combining an aesthetic design with breathability, small holes are cut in a continuous pattern giving your jersey a textured feel. This professional looking option increases moisture-wicking and flexibility in the jersey.*
